Occupational Safety and Health
Administration, [OSHA]
Attn: Mr. Jim Frederick (S-2315)
Deputy Assistant Secretary of Labor for
Occupational Safety and Health
200 Constitution Ave NW
Washington, DC 20210

Dear Assistant Secretary Parker and Deputy Assistant Secretary Frederick:

Attached to this correspondence you will find comments from ASSP's Arizona and Southern Arizona chapters addressing the status of Arizona as an approved OSHA state plan. These comments from our chapters have already been submitted for the official record.

However, we are also sending them direct to your attention for your review and consideration. We also want to signal the Society's overall support of our chapters and their position on this issue. The topic of state plans is a significant issue for our members, and we are pleased to support these comments.

Regardless of how this issue is ultimately administered, ASSP looks forward to working with you and the agency to ensure workers around the country, including those in the state of Arizona, have safe, healthy working conditions each day. As members who reside in Arizona have shared in their statement, they are prepared to work with OSHA and state public employees to advance occupational safety and health.

We stand ready to support the OSHA administration as it works to help employers implement safe and health workplaces and develop processes that better safeguard worker well-being.

To this end, please review the attached statement from our two chapters in Arizona, and please let us know if you have any questions or need more information.

ASSP looks forward to working with you and OSHA in the coming years to create a safer, stronger future for workers around the nation.

Respectfully,

Christine M. Sullivan, CSP, ARM
